Package LL2: (4 Hours).....	\$800.00
Package LL3: (5 Hours).....	\$850.00
Package LL4: (6 Hours).....	\$900.00

Base systems includes Operator, Computer w/ Music, Pro CD Players in Rack Case w/Table, 2 Speakers & Stands, 1 Wired and 2 Wireless Mics. (Wireless mic is provided for your Toast and announcements other than from MC/DJ)

***Lapel Mics and extra system can be provided for ceremony or if event is broken up into separate areas (extra Charge applies) (\$75-\$150) See below "Wedding Ceremony Packages"

** Remember that if you are providing a sit down meal or Hors' D'ouerves for your guest, you will want the DJ to play soft background music or dinner music during this time and while your guest are arriving at the reception. Make sure to plan enough time into your event to cover this so you don't get caught short when the DJ has to leave. Many DJ's book multiple events and will not stay past there booked time, especially if they are a popular or highly sought after DJ. If this is part of your reception, I would suggest the 5-6 hour packages to make sure you get everything in on time at your reception. **PEP charges \$150 and hour in excess of contracted time.**

Light shows can contain a wide variety and type of lights. PEP carries over 25 lights & effects to suit your individual needs. PEP will work with you for the best possible light & video show to get the required effect you are looking for. PEP carries Par Lights, Dance Lights, Effects Lights, Intelligent Lights, Lasers, Strobe lights and Smoke Machines. The extra charge for lights is solely because of the setup time it takes to prepare and wire them. Lights add so much to a performance. It is well worth the extra charge for this addition to a party, So **"DON'T FORGET THE LIGHTS"**

(NOTE: Customer is responsible for making sure there is adequate space and separate power (30 amps) for light shows. There is a minimum of 9 ft clearance for light stands for large light show. PEP will not refund or discount any money if lights are ordered but are no usable because of power and space restrictions. **Lights only work well in dark environments)

***All rates above are a general guideline. **All prices are negotiable with Pierside Entertainment prior to the signing of the contract.** the negotiated rates depend on location of event (upper floors of a venue, inside or outside, etc...) and size and type of event.

The customer is not charged extra for setup or breakdown time. Please remember that it takes from 1 to 3 hours to setup and breakdown equipment prior to events. (Depending on the size of the Event).

**If the event is to be held outdoors, the customer is responsible for providing adequate shelter against sunlight and inclimate weather. Pierside Entertainment can provide it's on shelter for the additional sum. **
